H. J. Dinwiddie Answers an Eastern Gold Bug's Argument.

## SOME PERTINENT FACTS

A FRIEND SOUGHT TO CONVERT THE SALT LAKE.

Will Receive a Reply That Will Set Him to Thinking—A Condition of Things That Enables 45,000 Men to Cast the Money of a Nation of 70,000,000 of People is Wrong—Contrasts John Sherman's Treatment in Montana With That of Bryan at New Haven and Asks Who Are the Anarchists—A Strong Logical Argument in Favor of Silver.

A few days ago H. J. Dinwiddie of this city received a letter from an eastern friend who sought to convince Mr. Dinwiddie of the evil of his way in supporting the silver cause. Mr. Dinwiddie replied yesterday, and if it is not the other fellow who is converted it will be because he is too deep-rooted a goldbug to be open to conviction. The letter mailed yesterday reads:

Sept. 29, 1896.  
My Dear John—Your kind letter of the 24th is at hand, and while I am driven for time I cannot help putting business aside to answer you. I am sure that you will understand better the position we of the west take in the issue of money than you do. I would commend to your attention the Cincinnati Enquirer, or the New York Journal, and if you have not read them I would read them. The Enquirer is the people's column of the New York World; it is short and very entertaining. It is fully covered with goldbugism, and it is not doubt that with goldbugism, and it will read both sides of this question and at least it will be fair. I would conclude that our side is the right one.

## SHOT BY A COACHMAN.

Discharged John Revenges Himself on His Former Employer.

MAQUETTE, Mich., Oct. 1.—George E. Sheldon, brother of Hon. Charles D. Sheldon, Republican nominee for representative in congress from the Twelfth district, was shot at Houghton this afternoon by a discharged coachman named Felix Dumontiere.

Two weeks ago, Sheldon had reproved his coachman for some lapse of duty, and the coachman knocked him down. Today he was arrested for assault and the trial set for Saturday. Tonight Dumontiere met his former employer on the bridge crossing Portage lake and emptied every chamber of a five-shot revolver at short range, into his victim. Inflicting wounds that are likely to prove fatal. One arm was almost paralyzed, the jaw pierced, and a bullet lodged in the chest. Immediately after the murderous deed, Dumontiere jumped from the bridge, a height of 100 feet into the lake, and disappeared. He leaves a destitute widow and five children. His victim is one of the pioneers and most highly respected citizens of northern Michigan.

## MORE WASHOUTS.

THREE MILES OF RAILROAD TRACK SWEPT AWAY AT TUCSON.

Hail Storms and Floods at Santa Catalina and Santa Rita—May Be a Change of Time of Trains For Logan—Railway Notes and Personal.

TUCSON, Ariz., Oct. 1.—There was a terrific rain and wind storm east and west of this place today, and three miles of railroad track, nine miles west of here, were washed out. A heavy hail storm also occurred here this afternoon and a torrential storm occurred in Santa Catalina and Santa Rita mountains.

At Tucson, from Benson say a cloud burst in the Whetstone mountains is causing a flood many miles wide down into the San Pedro valley, taking in the west end of the town, demolishing several buildings. William Zeck, a barber, his wife and two children, and Oscar Ashburn, a stockman, being drowned. A number of others are missing. It is feared that the water will be no less than twelve feet deep. Wells, Fargo's express building at the depot was washed out of place and two feet of debris debris piled up. The storm was about twelve miles in length. It is thought there has been much loss of life and property down the San Pedro valley, as no such floods have ever known in that section before.

LOGAN, Oct. 1.—It is reported we are to have a change in railroad service. This will not be to the benefit of the southern settlements, as the present schedule enables them to arrive from the south and have ample time to travel home in daylight. It is hoped that the change will be to the benefit of the country to get up at midnight in order to catch the train.

NO CHANGE IN STRIKE SITUATION. VANCOUVER, B. C., Oct. 1.—"No change in the situation," was the reply made today by General Superintendent Abbott to an inquiry regarding the telegraphers' strike on the Canadian Pacific. Mr. Abbott further stated that he had received a large number of applications for vacant positions and anticipated no difficulty in filling all the vacancies on his division before many days. A circular has been posted up at all stations giving the strikers twenty-four hours within which to return to work. It now transpires that the strikers have accepted the offer of the company, and an interview at Montreal with the general management, which resulted in the strike, was to have their organization recognized. Such recognition was afforded, it would have been absolutely useless for each division to act independently in compliance with the company's offer. Today from the east, occupied by Edward A. Adams, chairman of the Northern Pacific, and Arthur G. Winger, president, and other officials of the Northern Pacific. They stated that they had experienced no inconvenience or delay in their trip across by reason of the strike.

OBTAINED A VICTORY. MONTREAL, Oct. 1.—It is learned at a late hour tonight that there is a likelihood of the Canadian Pacific railroad strike reaching a satisfactory settlement by tomorrow by which all the strikers will return to work, on condition that their grievances be heard at once by the division superintendent and that if redress is not obtained they may appeal to the management. Assistant Chief Pleas of the division superintendent, Mr. Winger, has been told that the men will obtain a substantial victory.

## STOCKS WERE A LITTLE LESS ACTIVE

Falling Off Partly Due to the Excitement in Wheat.

## SOUTH OMAHA LIVE STOCK

CHICAGO AND KANSAS CITY QUOTATIONS.

Wheat Dearer in Chicago Yesterday Than on Any Day Since the Present Advance Set in—Sentiment for Higher Prices Shows No Relaxation—Speculators Have Purchased Most of the Buying Orders—Commission Houses, as a Rule, Report No Country Trade of Any Importance.

NEW YORK, Oct. 1.—Stocks were less active today, the sales amounting to 178,776 shares, against 219,900 shares yesterday. The falling off in business was partly due to the excitement in the wheat market, the bull movement in the cereal having attracted general attention. At the opening, stocks ruled lower, owing to weak cables from London and moderate sales. Falling to induce liquidations, the small bears made an effort to cover, and their purchases soon brought an advance of 14 6/16 per cent. In this rise, Sugar, Chicago Gas, Manhattan, and Grangers and low-priced issues were most prominent. Chicago Gas sold up to within a fraction of 63 on Chicago reports of the defeat of Attorney-General McInerney in the meeting of distributing dividends. A feature of the day's operations was the absorption of the low price issues at advancing figures. Pacific Mail, Atchafon, Missouri Pacific, Reading, Southern Railway, preferred selling at the best figures for months past. Sugar was feverish and after advancing 1 1/2 per cent to 112 1/2, receded and closed at 111 1/2. In the closing, leading issues were steady. Sheep and lambs were active and firm.

Cattle—Receipts, 10,000. Fancy heaves, 4.00; choice to prime, 3.50 to 4.00; good to choice, 3.00 to 3.50; medium to good, 2.50 to 3.00; fair to good, 2.00 to 2.50; poor to fair, 1.50 to 2.00. Sheep—Receipts, 10,000. Inferior to choice, 2.00 to 2.50; lamb, 3.00 to 3.50.
